

2023-05-04 Start: 15:30 UTC **End:** 16:30 UTC

Participants: Leo, Grizz, Arnold, Steve, Laurent, Yan, Marty, Yolandi

Apologies: Peter Helmenstine

Main agenda

- Network Type field – how can we update it to improve its relevance? Should it be multiple choice instead of exclusive choice? (see [#1379](#) and [#1357](#)) - Heads up: [Google Form survey](#)
 - Deferred discussion
- [Web user interface update](#) – objectives, decision making, and consultation
 - Yolandi volunteered to take the lead for the PC

Number	Title	Summary	Consent Finalized?
1185	FAC Object Creation per Policy	Introduce automation where possible	YES Website required but a PeeringDB org website is acceptable
1364	IX Object Creation Per Policy	Automate most of the IX approval process	OK
1365	White label IXP Feature	Add support for multiple IXPs to share the same infrastructure using different brand names	Needs revision
1366	Allow facilities to remove objects from locations	As title	YES

Consent Agenda

Non-contentious issues that can be agreed in a single vote. Members can ask for an issue to be placed on the main agenda if they want it to have more discussion.

Number	Title	Summary	Consent Finalized?
1361	Add Campus and Carrier	Summarize our definition of these terms	YES

	Tooltips	to users in a tooltip to help them understand what they are seeing	
1362	Show connected networks, exchanges, and carriers on campus results pages	These tables exist for each facility that is part of a campus. Show tables for the whole campus on the campus page.	YES
1374	Search to include new objects: Campus & Carrier	As title	YES
1376	Add a "Suggest Carrier" button	As title	More discussion
1380	Reset 'Social Media' to '{}' if field is null	Bug: as title	YES
1381	Add hover tip to describe meaning of routeserver icon	As title	YES
1368	Facility data export into Google Earth KMZ	We'll be adding a way to export KMZ data in bulk, but not adding in a map visualization into the web ui this time around	YES
1367	Lazy loading of object data	We'll be changing the way we load data to make it more responsive. This will be a large amount of work but should have significant performance *feel* improvements to the web UI	YES

Informational

No action required. Members should be aware that these new issues have been agreed since the last meeting.

Number	Title	Summary
1370	Facility Geocode not working	As title
1372	Facility history still broken	As title

Adding Arnold's document to split a campus-facility facility object into a campus object for discussion if we have time
